Preceptor: _____ Preceptor Signature: _____

APPE Community PRCT 553 Order Management and Appropriate Storage Exercise

Answer the following questions related to order management and appropriate storage at your rotation site.

Is there a specific individual responsible for ordering and inventory management at the site? If so, what are his/her duties? (Question 1 of 5 - Mandatory)

How does your site handle drug returns? How often are shelves reviewed for out of date products? (Question 2 of 5 - Mandatory)

Is the inventory managed manually or by an intuitive computer system? (Question 3 of 5 - Mandatory)
Manually Computerized System

Assist in preparing and sending an order, receiving an order and labeling products, and placing an order properly on the shelves. Who is the primary wholesaler at the site? Is there a secondary, and if so, who? (Question 4 of 5 - Mandatory)

List three medications other than insulin that are stored in the refrigerator. Are temperature excursions permitted for these medications? For example, how does the pharmacy handle prescriptions that are called in but need refrigeration. Explain below. (Question 5 of 5 - Mandatory)
