SNAPSHOT CORNER

School of Pharmacy student, Mary Ellen Ray (PY4), pictured at left, recently took part in a training demonstration on how **NOT** to work under the hood while on rotation at Central MS Medical Center in Jackson. Take notice of the distance that she is standing away from the front of the hood with the bag she is working on and at the small boxes that do not belong in the hood. Preceptor Webb Willmott was training both his pharmacy staff and students on ways to improve their work and follow proper procedures. (Photo Courtesy of Mr. Webb Willmott)
