APPE Notes

November 7 - PY4 Seminar Day 2

All students who are presenting at Seminar Day must be in attendance for the entire day unless they are in the immediate Jackson area and can return to their rotation site. All other students should report to their rotation unless they have been excused by their preceptor to attend.

Tripartite Committee Set To Meet

The 2011 Tripartite Committee Meeting is set to take place November 1st in Jackson. The committee is comprised of representatives from the School of Pharmacy, the State Board and pharmacy organizations.

The committee meets annually to review each current preceptor and site that take students for rotations through the School of Pharmacy. New sites and preceptors are also examined, at the meeting, as a part of the approval process for being added to our current list of sites and preceptors.

The meeting also serves as a good collaborative, with the various groups represented, on issues like improving preceptor development and the assessment of students.

IPPE Notes

PY3 students will begin their Block 2 IPPE rotations the week of October 17th. The weeks for Block 2 are listed below.

Block 2 Weeks
October 17 - 21, 2011
October 24 - 28, 2011
October 31 - Nov. 4, 2011
November 7 - 11, 2011
November 14 - 18, 2011

PY1 and PY2 students will be entering preferences over the next week for their Community and Institutional rotations that are in December/January and May/June. For those of you that participate in those rotations we will be sending you your PY1 and PY2 student schedules in the coming weeks.

Script Your Future Adherence Challenge

We are participating in a national competition among pharmacy schools to see which school can increase awareness of medication adherence the most during October! The campaign is titled: Script Your Future Adherence Challenge. Thanks to all those preceptors and students who are taking part with us and TAKING THE PLEDGE.

ROTATION SNAPSHOT CORNER

Megan Hewitt (PY4) and Corey McEwen (PY4) along with preceptor Rachel Robinson participate in a health fair on campus and take part in the Script Your Future Adherence Challenge.
