Planning For Next Year

In the coming weeks we will be collecting preceptor availabilities for the next academic year. We look forward to once again working with you to provide experiential opportunities for our students.

We will start the process today by emailing out the Preceptor Availability Calendar. We ask that you either fax it back to our offices at 601-815-1160 or scan and email the calendar to either Jann Rice (jrice@umc.edu) or Robert Metzger (rmetzger@umc.edu) by September 21st.

Once we have collected all of the calendars we will be able to go in to E*Value and open up preferences for students to choose future rotations with

you at your site. These rotations will include both APPE and IPPE schedules with students from PY1 to PY4 year.

In the event that your schedule does change at any point in the coming year please feel free to contact us so that we may adjust your availability accordingly.

We know that your time is valuable, and we greatly appreciate the time that you dedicate to experiential education for students through this availability scheduling process.

Seminar Day Rescheduled

The first of two PY4 seminar days was scheduled for August 30th, but had to be postponed due to the storms caused by Hurricane Isaac in the Jackson area and the UMC Academic Campus being shutdown for the day.

That Seminar Day has now been rescheduled for Thursday, October 25th with registration beginning at 12:30pm and presentations beginning at 1:00pm. We invite you, once

again, to attend if your schedule permits.

Also, as a reminder, all students who are presenting at Seminar Day must be in attendance for the entire day unless they are in the immediate Jackson area and can return to their rotation site. All other students should report to their rotation site unless they have been excused by their preceptors to attend.
