IPPE Notes

PY3 students will soon begin their transition to the Jackson campus and will be welcomed for orientation on August 6th. This will be the largest class ever on the Jackson campus. These students will once again be completing block rotations throughout the Jackson-area during the year. We are working on their rotation schedules for Block 1 and plan to have those schedules completed and sent out in early August.

APPE Evaluation Refresher Course

As a reminder here are the most important things that we are looking for preceptors to have completed by the end of the APPE rotation:

Midpoint Evaluation

This evaluation is sent mid-way through the rotation and is a simple 2 question evaluation about your student's performance thus far on the rotation.

Preceptor Transcript Review

During the rotation students submit comments and provide samples of their work into their student transcripts. At the end of the rotation you have a chance to review the transcripts and provide any additional comments and verify that you have had a chance to review.

Final Evaluation

Finally, at the end of the rotation you will need to submit the Final Evaluation of your student and grade them on his or her performance throughout the rotation.

Please feel free to contact us at any time with any questions you may have about completing evaluations.
