APPE Notes

Welcome the Pharm.D. Class of 2018

Calendar Month Rotations

We have now transitioned to a calendar month schedule for APPE rotations. All rotations will now run from the first weekday of the month to the last.

Student Intake Forms

Students are now submitting Student Intake Forms prior to the start of their rotations. You will get a notice from E*Value when the form has been submitted and is available for you to review and sign off on.

Mid-point Evaluations with 4SRx

In order to better enhance the feedback process we have introduced a new mid-point evaluation that includes 4SRx. This will provide the preceptor with the opportunity to assess the student's progress at a greater depth.

July 4 - Independence Day

Independence Day is recognized by the University as a school holiday, and students will not be reporting to rotations on July 4th in observance of the holiday. Rotation 2 will resume on Wednesday, July 5th.

IPPE Notes

PY1 students recently finished up their Institutional I rotations that concluded last week on May 26th.

Some **PY2** students have completed their Community II rotations and the remaining will finish up on June 9th.

Thank you for making these introductory experiences possible for our PY1 and PY2 students as they get some of their first looks at pharmacy practice.

Preceptors of the Year

The graduating PY4 class of 2017 recently participated in the APPE and IPPE Preceptor of the Year award process.

Dr. Buddy Ogletree was selected as this year's recipient of the APPE Preceptor of the Year. Dr. Joshua Fleming was selected as the IPPE Preceptor of the Year.

The selections were announced at Preceptor Conference and both were also honored during Awards Day held on April 28th on the Oxford campus.

Dr. Ogletree, who recently retired, served as a preceptor at the University of Mississippi Medical Center in Jackson. Dr. Fleming serves as a preceptor at the University of Mississippi School of Pharmacy in Jackson. Please join us in congratulating Buddy and Josh for this special recognition.

Preceptor Resources

The School of Pharmacy provides access to *Pharmacist's Letter*, *Access Pharmacy* and *APhA Pharmacy Library* for all of our preceptors.

Pharmacist's Letter has a Preceptor Training and Resource Network that can help you further your skills as a preceptor and gain further knowledge in all areas of introductory and advanced practice experiences.

Access Pharmacy offers fully integrated drug information, editorial reviews on recent clinical trials and case and care studies with interactive training.

APhA Pharmacy Library offers APhA's leading pharmacy practice resources online, including active learning exercises, the newest edition of the *Handbook of Nonprescription Drugs*, *The APhA Complete Review for Pharmacy and Medication Errors*.

For more information on how you can access these programs please feel free to contact us in the PEP Office.
