APPE Notes

August 12 - PY4 Career Workshop

PY4 students will be attending an all-day career workshop in Jackson on Monday, August 12th and will not be reporting to rotations on this day. The first day for Rotation 3 will be Tuesday, August 13th.

September 2 – Labor Day

Labor Day is recognized by the University as a school holiday and students will not be reporting to rotations on this day. Rotations will resume the following day, September 3rd.

IPPE Notes

PY3 Students will be joining us in Jackson for orientation August 7-9. We are working on their rotation schedules for Block 1 and plan to have those schedules completed and sent out by the first week of August.

PY1 and PY2 Students have now concluded their Institutional I and Community II rotations. Thank you for making these introductory experiences possible for them as they got some of their first experiences with pharmacy practice.

APhA PharmacyLibrary

Preceptors will soon have an additional resource available to them in APhA's PharmacyLibrary. PharmacyLibrary features content from APhA's authoritative textbooks, an interactive NAPLEX review, case studies, article abstracts from the Journal of the American Pharmacists Association and a variety of news sources. All these resources will be available on one comprehensive search platform using a sophisticated semantic search feature that allows users to retrieve relevant information quickly. The new offering of PharmacyLibrary will be in addition to the privileges of Access Pharmacy already being offered. We will pass along more information regarding this development in the near future.

PEP Website Transition

Over the past year the PEP Office has been gradually transitioning our website content to a new home that is now fully operational. The direct address to our site is listed at the bottom of this page and you may also still access the page by going to pharmd.org and clicking on Preceptor's Zone.
