

How Do I Log in to E*Value?

To access E*Value, go to <https://www.e-value.net>

Click Login to E*Value.

Retrieving your Login and Password

To retrieve your login/password click on the link labeled “Forgot Your Password?” located directly below the login fields (pictured below left). Follow the directions on the pop up screen (pictured below right). The email address for you is the one we have on file. Once you gain access to E*Value be sure to change your password immediately. If at some point you are unable to gain access then let us know. It may be that we have an incorrect email address for you. If that is not the problem then we will simply change your password so you can gain access.

The image shows two parts of the E*Value interface. On the left is the main login page with the E*VALUE logo (a medhub product) and three input fields: Username, Password, and Institutional Code*. Below these is a green 'Login' button and a note: '* Not required unless provided by your program'. At the bottom are links for '< VISIT THE MEDHUB SITE' and 'FORGOT YOUR PASSWORD?'. On the right is a pop-up window titled 'Forgot your E*Value Login or Password? No problem. Type the characters you see in the picture below. This is a security measure.' It features a security image with the characters 'h g u c v a' and a corresponding input field with the note '(letters are not case-sensitive)'. Below this is a field for 'Enter your email address' and a green 'Request Login' button. The pop-up also contains instructions: 'Next, enter in your Institution email address and click Request Login. This email address must be the one we have on record for you.' and a warning: 'Don't delay, the URL will expire at 12 AM EST/EDT on 09/04/2016.'

Email or call if you have any problems.
